Office Action Summary	Application No. 10/571,144	Applicant(s) GROELLER, CHARLES J.
	Examiner Javaid Nasri	Art Unit 2839

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 2 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) Responsive to communication(s) filed on _____.
- 2a) This action is **FINAL**. 2b) This action is non-final.
- 3) Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

Election/Restrictions

1. Applicant's election with traverse of specie I, figures 1A-2, claims 1-18 in the reply filed on 5/2/11 is acknowledged. The traversal ground(s) are persuasive. Therefore, all the claims 1-18 are considered.

The requirement is made FINAL.

2. This application is in condition for allowance except for the following formal matters:

- a) This application does not contain an abstract of the disclosure as required by 37 CFR 1.72(b). An abstract on a separate sheet is required.
- b) In claim 2, line 2, correct the spelling of "battery"
- c) In claim 8, line 2, correct the spelling of "battery"

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:
The reason for allowance of the claims is the inclusion of the limitation,

- a) For claim 1, none of the prior art teaches or suggest, alone or in combination mutually spaced first and second battery cable mounting legs being extending from the terminal base for engagement with a battery cable from opposite sides, the mounting legs having with the battery cable lug member a line along which a battery cable is secured; a second fuse mount being supported by the terminal base for providing electrical energy to vehicle electrical systems other than the vehicle starter motor; the first and second fuse mounts are adapted for detachable connection to a fuse which provides electrical interconnection between the first and second fuse mounts, in combination with other limitations in the claim which is not found in the prior art reference of record.
- b) For claim 7, none of the prior art teaches or suggest, alone or in combination the battery cable mounting structure having mutually spaced first and second battery cable mounting legs being extending from the terminal base for engagement with a battery cable from opposite sides, the mounting legs having with the battery cable lug member a line along which a battery cable is secured; a second fuse mount being supported by the terminal base for providing electrical energy to vehicle electrical systems other than the vehicle starter motor; the first and second fuse mounts are being adapted for detachable connection to a fuse which provides electrical interconnection between the first and second fuse

mounts, in combination with other limitations in the claim which is not found in the prior art reference of record.

- c) For claim 13, none of the prior art teaches or suggest, alone or in combination first and second battery cable mounting legs being extending from the terminal base for positioning on opposite sides laterally of a battery cable mounting space, the first and second battery cable mounting legs being spaced apart longitudinally with respect to the battery cable mounting space, so that the terminal base can be attached to or detached from the battery cable by at least partial rotation of the terminal base longitudinally with respect to the battery cable mounting space for respectively engaging or disengaging the battery cable mounting legs from the battery cable; a second fuse mount being supported by the terminal base for providing electrical energy to vehicle electrical systems other than the vehicle starter motor; the first and second fuse mounts are being adapted for detachable connection to a fuse which provides electrical interconnection between the first and second fuse mounts, in combination with other limitations in the claim which is not found in the prior art reference of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
